

## Our objectives for the United States of America

The mission of the Constitution Party is to secure the blessings of liberty to ourselves and our posterity through the election, at all levels of government, of Constitution Party candidates who will uphold the principles of the Declaration of Independence, the Constitution of the United States, and the Bill of Rights. It is our goal to limit the federal government to its delegated, enumerated, Constitutional functions.

**"There is nothing which I dread so much as a division of the republic into two great parties, each arranged under its leader, and concerting measures in opposition to each other. This, in my humble apprehension, is to be dreaded as the greatest political evil under our Constitution."**

**-John Adams**

## Three Pillars

## Integrity, Liberty, & Prosperity!

## Integrity

"I am sure that in estimating every man's value either in private or public life, a pure integrity is the quality we take first into calculation, and that learning, and talents are only the second."

-Thomas Jefferson

We are committed to restoring honesty, integrity, and accountability to government. Constitution Party candidates will be strongly encouraged to sign a contract with the voters that lists the campaign promises that they will guarantee to accomplish while in office or face consequences.

## Liberty

"Those that can give up essential liberty to gain a little temporary safety deserve neither liberty nor safety."

-Benjamin Franklin

The Federal Government should only be involved in government roles as outlined in the Constitution. The best government is local government. The solution is to slowly and responsibly transition America from ineffective government programs to effective non-government institutions. Our solution will ensure that recipients of current government programs are still cared for but allows for more effective solutions to be implemented.

## Prosperity

"If a republican government fails to secure public prosperity and happiness, it must be because the citizens neglect the divine commands, and elect bad men to make and administer the laws."

-Noah Webster

Work at the federal, state, and (most importantly) at the local level to remove the strangling grip of government taxes, fees, unneeded regulations, and intrusion. Restore True Capitalist laws and regulations which promote competition, job creation, clean manufacturing, new technologies, and WEALTH.
